1 Introduction

1.1 What is MEUPS?

MEUPS is an acronym for the Medicaid Enterprise User Provisioning System. It is a single sign-on system that allows users to access multiple applications via a single user name and password. What that means to Kentucky Medicaid Providers is that you can manage your own account, as well as any agent account which you have granted access. You will not see the word *MEUPS* on your screen, but you may hear someone refer to your MEUPS account. It's the same thing as your KYHealth Choices account.

1.2 How Do I Use this System?

When you log in, you will see the KYHealth Choices Home Page, and any applications available to you, including Account Management, Authorization Request, KYHealthNet, and EMAX on your menu.

Link	Functions for All Users	Functions for Provider Admin Only	Functions for Billing Agents Only
Account Management	Allows you to manage your personal information, change your security question / answer, and reset your password.	Allows you to view agents with access to your account and add an agent to your account.	None
KYHealthNet	Allows user to submit claims, PA requests, check eligibility, etc.	Functions are limited to those that are applicable to the Provider type.	Functions are limited to those authorized by the Provider Administrators.
EMAX	None	Functions are limited to those that are applicable to the Provider type.	Functions are limited to those authorized by the Provider Administrators.

1.3 What is a Provider Administrator?

A Provider Administrator has control of a Provider's account and can grant access to Billing Agents. A Personal Identification Number (PIN) is required to set up a Provider Administrator account, and only one Provider Administrator account can exist for each Kentucky Medicaid provider number.

1.4 What is a Billing Agent?

A Billing Agent is an account holder who works on behalf of a Provider but is not the Provider Administrator. In other words, the Billing Agent may submit claims on behalf of the Provider, but only if the Provider Administrator has granted access to the Billing Agent. A single Billing Agent may work on behalf of multiple providers. An individual may obtain a Billing Agent account to access claims submission, eligibility, etc. by contacting their Provider Administrator who can create their account and grant proper access.

1.5 What is a PIN Number?

Each Kentucky Medicaid Provider has been issued a Personal Identification Number (PIN) which can be used to set up an account. This PIN is the key that "unlocks" the account initially. Instructions for obtaining the PIN are in the next section of this document.

1.5.1 Creating a New Provider User Account for KYHealthNet

The user creating the KYHealthNet account should be the office manager or someone deemed responsible for accessing provider information. A PIN number is required to create a user account. The Electronic Data Interchange (EDI) Helpdesk will assign a PIN number to each KY Medicaid provider ID.

1.5.2 How to Obtain a PIN Number

1. Go to the KY Medicaid Website, www.kymmis.com.
2. Click **Electronic Claims**.
3. Click **EDI Forms**.
4. Click **PIN Release Form**.
5. Complete the attached PIN Release form and return it to the EDI Helpdesk along with a copy of a valid driver's license via e-mail or fax. Include your phone number and e-mail address and someone will contact you with your PIN and website information.
 - a. Fax your PIN Release form to: 502-209-3200
 - b. E-mail your form to: KY_EDI_Helpdesk@dxc.com

The DXC EDI department will respond within 2 business days via email.

NOTE: The drop-down only appears if the user is an agent for multiple providers; otherwise, the agent will see only one provider's NPI/taxonomy in the box.

4 Functionality

Provider Administrators have access to all applicable functions on KYHealthNet. Billing Agents and Agents have access to only those functions granted them by the Provider Administrator. A Billing Agent or Agent may only perform the functions granted them by a given Provider Administrator while logged in under that provider's account.

For example, if an agent works on behalf of Dr. Smith and Dr. Jones, but the agent does not have claim submission access for Dr. Jones, the claim submission function will not appear unless the agent has selected Dr. Smith's NPI/Taxonomy from the drop-down when logging in.

KYHealthNet offers the following functions:

Menu Selection	Functions
Member	Check eligibility, benefit issuance, spend down, patient liability, pharmacy history, and MCO member information.
Claims	Check claim status, submit claims, adjust paid claims or void paid claims, and access to view MMIS EOB Codes.
Prior Authorization (PA)	Access PA information, download a PA letter, or lookup a PA number.
Provider References	Access to provider resources on the DMS website.
RA Viewer	View and/or download your Remittance Advice.

The hyperlinks on the Home Page also offer quick access to commonly used functions.
